

# Ronan Keating, Keep On Walking

Seems like I was always running,  
From someone or something,  
So scared what life could hold,  
Didn't even want to know,  
Each day I'd stand against it,  
Put up my defences,  
Wouldn't let nobody inside,  
Then you walked in my life

Chorus

Your love is all I know  
Never let you go,  
Baby with you I choose my road,  
All my life  
Your the reason why  
Baby with you I walk that road.

Now nothing can defeat me,  
Knowing you completely,  
You make me stronger each day,  
You lead me all the way,  
And Anything that You wanna do  
I'll be there beside you  
As long as you don't leave my dreams are guarenteed

Your love is all I know  
Never let you go,  
Baby with you I choose my road,  
All my life  
Your the reason why  
Baby with you I walk that road.

I'll walk that road  
Hand in hand  
'Til it stands  
nothing can stop me now

Your love is all I know  
Never let you go,  
Baby with you I choose my road,  
All my life  
Your the reason why  
Baby with you I walk that road.

Never let you go

Baby with you I choose my road,  
All my life  
Your the reason why  
Baby with you I walk that road.
