

Rooney, Got away

This is all we do
And I'm not supposed to say a word
I'm feeling so abused
Feeling like no one's in my shoes
I gotta get away
I gotta get away
I got no more to lose
I got no more to pay
I gotta get away
I gotta get away
There's gotta be a way
Maybe, maybe today
You are what you are
Never kind, never mine
I'm finally broken down
Healing without the heels to stand
I gotta get away
I gotta get away
I got no more to lose
I got no more to pay
I gotta get away
I gotta get away
There's gotta be a way
Maybe, maybe today
This is all we do
And I'm not supposed to say a word
I'm feeling so abused
Feeling like no one's in my shoes
I gotta get away
I gotta get away
I got no more to lose
I got no more to pay
I gotta get away
I gotta get away
There's gotta be a way
Maybe, maybe today
La la la la la la la
La la la la la la la
La la la la la la la
La la la la la la la
