

Rory Gallagher, Persuasion

Well, I don't need too much persuasion,
When I'm in your arms this way,
Well, I don't need a sense of occasion,
I'm ready any day,

Well, just tell me your location,
And I will get to you,
There will be no hesitation,
I'll be right there out of the blue.

Perfection, you seem to me,
This connection, we ought to seal,
My emotions, I can't conceal,
Your heart I'll steal away.

Ahhh.....

I won't put up too much of a struggle,
When you look that way,
But, I know that I'm in trouble,
My defense just melts away.

Well, I think that I'm in heaven,
When you knock on my door,
Well, I start to seeing double,
My resistance is way down low,

Perfection, you seem to me,
This connection, we ought to seal,
My emotions, I can't conceal,
Your heart I'll steal away.

Heart I'll steal away.

Owww.....

Well, I don't need too much persuasion,
When I'm in your arms this way,
Well, I don't need a sense of occasion,
I'm ready any day.

Won't you tell me your location,
And I will get to you,
There will be no hesitation,
I'll be right there out of the blue.

Perfection, you seem to me,
This connection, we ought to seal,
My emotions, I can't conceal,
Your heart I'll steal away.

Heart I'll steal away.

That's right.
