

# Rory Gallagher, What's Going On

What's going on,  
Can you correct my vision?  
Helping my decision.

What's going on,  
If you know what I'm meaning,  
You won't find me kneeling.

Should I be standing on a chair?  
My hands are waving in the air,  
You know as well as I do now,

I'm going to get to you somehow.

What's going on,  
Everyone acts crazy,  
Yes or no means maybe.

What's going on,  
Could you correct my vision?  
Helping my decision.
