

Rosi Golan, Hazy

I watched you sleeping quietly in my bed
You dont know this now but theres some things that need to be said
And its all that I can hear, Its more than I can bare
What if I fall and hurt myself? Would you know how to fix me
What if I went and lost myself? Would you know where to find me
If I forgot who I am, would you please remind me oh?
Cause without you things go hazy
