Roxette, I Remember You

Are you ready? Go!

I hear your footsteps like you're walking I hear your voice like you're talking to me I can reach every moment Every caress like I'm living a dream

Down to the bone, go little darling

Oh I remember you Feels like it was yesterday I remember you You've got me running back again

You shared my secrets and my laughter I fell in love with the light in your eyes And I believed that summer Would go on and on for the rest of my life

Down to the bone, go little darling

Hey I remember you Feels like it was yesterday I remember you You've got me running back again You've got me running

Na na na na Na na na na

Down to the bone, go little darling

Hey I remember you Feels like it was yesterday I remember you You've got me running back again You've got me running

I say: Na na na na Na na na na
