

# Roxette, It's Possible

Anyone who have a love close to this  
knows what I'm saying  
anyone who wants a dream to come true  
knows how I'm feeling

All I can think of is you and me  
doing the things I wanna do  
all I imagine is heaven on earth  
I know it's you

Anyone who ever kissed in the rain  
knows the whole meaning  
anyone who ever stood in the light  
needs no explaining

But everything more or less appears so meaningless  
blue and cold  
walking alone through the afternoon traffic  
I miss you so

Anyone who felt like I do  
anyone who wasn't ready to fall  
anyone who loved like I do  
knows it never really happens at all  
it's over when it's over  
what can I do about it  
now that it's over

Everything more or less is looking so meaningless  
and fades to grey  
lying awake in an ocean of teardrops  
I float away

Anyone who ever felt like I do  
anyone who wasn't ready to fall  
anyone who loved like I do  
knows it never really happens at all  
it's over when it's over  
what can I do about it  
now it's all over
