

Roxette, Makin' Love To You

If there was a night to say
Something to cherish on a rainy day
If I close my eyes I go blind
I'm the middle of a rush, rush

Makin' love to you
Is all I ever wanted to do

Am I leaving world behind?
I laugh at all the things I've done for you
If there was a dream to say
I'm the middle of a rush, rush

Makin' love to you
Is all I ever wanted to do

Makin' love
Makin' love to you
Makin' love
Makin' love to you

Your love is so sweet to recall
The greatest of them all
I'm easy on my knees for you

Makin' love to you
I couldn't love you more than I do
God knows it's all I wanted to do

Makin' love to you
Is all I wanna do
Is all I wanted to do
Is all I ever wanted to do
