(Ferry)

You've got me girl on the run around run around You've got me all around town You've got me girl on the run around And it's getting me down, getting me down Lady if you want to find a lover Then you look no further For I'm gonna be your only Searching at the start of the season And my only reason Is that I'll get to you I'll find some way of connection Hiding my intention Then I'll move up close to you I'll use you and I'll confuse you And the I'll lose you Still you won't suspect me
