

Roxy Music, Out Of The Blue

(Ferry/Manzanera)

All you cares
Now they seem
Oh so far away
All your fears
I fear I once shared
Now I know
There's a future
For all of us
Not so long ago
I was so scared
You seemed so sad
I could see
Through your twisted smile
So unsure
Always confused
Pale blue eyes
Gazing down
From your ivory tower
Through the haze
All broken and bruised
Then: out of the blue
Love came rushing in
Out of the sky
Came the sun
Out of left field
Came a lucky day
Out of the blue
No more pain
I don't mind
If it's only
A passing craze
Throwaway lines
Often ring true
If I were you
I would stay
For a little while
If you were me
Would you walk out
In style?
