

Roxy Music, Re make

I tried but I could not find a way
Looking back all I did was look away
Next time is the best we all know
But if there is no next time where did I go?
Shes the sweetest queen Ive ever seen (CPL593H)
See here she comes see what I mean (CPL593H)
I could talk talk talk talk myself to death
But I believe I would only waste my breath
Ooh show me
