

Roy Orbison, Far, Far Away

Don Gibson

Far, far away is my love of yesterday

She's gone, gone, gone, gone, from me, from me

Far, far away is my life, my love my way

Wonder where, where, where, where

Where oh where can she be?

Days, endless days nights, dark dismay

Lonely, I'm lonely where can she be?

Far, far away is my love of yesterday

Wonder where, where, where, where where

Oh where can she be?

Far, far away is my love of yesterday

Wonder where, where, where, where where

Oh where can she be?

Where where, where, where, where where

oh where can she be?
