

Roy Orbison, Only With You

Orbison/Dees

I can paint a sunset across the sky of blue
Only with you, Only with you
I can be a master at anything I do
Only with you, Only with you
I found the end of the rainbow my golden treasure too
Only with you, Only with you
The sun looks good in the morning and I love the night time too
Only with you, Only with you

All my world would end dear my rising star would fall
If ever I should lose you I would be nothing at all

All my world is heaven I'll be happy my whole life through
Only with you, Only with you
