

Roy Orbison, Party Heart

B. Bryant

You've got a party heart, a gay time party heart
You're only happy when the party's going on
And it makes me sad because I know that party's have to end
And when this party's over, you'll be gone

I love your party heart your playful party heart
But though you make me laugh you also make me cry
Cos I know you only think of me as just a party friend
And when the party's done you'll say goodbye

A playtime girl like you plays lots of thrills in life it seems
But oh, what I'd ever give to be the playboy of your dreams
I'd tame your party heart, your fickle party heart
And someday that's just what some party boy will do

But I love you so, I guess that I'll cry just as much as you
When someone breaks your party heart in two
When someone breaks your party heart in two
When someone breaks your party heart in two....
