

Roy Orbison, Shahadaroba

Roy Orbison
Where the Nile flows
And the moon glows
On the silent sand
Of an ancient land
When a dream dies
And the heart cries
Shahadaroba
Is the word they whisper low
Shahadaroba, Shahadaroba
Means the future
Is much better than the past
Shahadaroba, Shahadaroba
In the future
You will find a love that lasts
So when tears flow
And you don't know
What on earth to do
And your world is blue
When your dream dies
And your heart cries
Shahadaroba
Fate knows what's best for you
Shahadaroba, Shahadaroba
Face the future
And forget about the past
Shahadaroba, Shahadaroba
In the future
You will find a love that lasts
Shahadaroba
