

Roy Orbison, Sugar And Honey

Sugar and honey, is what I cry for
Sugar and honey, is what I'd die for
And darlin' doll you make my life worthwhile
Because I want you Sugar and honey.

Sugar and honey, keep me goin
Sugar and honey, I been a-knowin'
Well everytime your lovin' lips meet mine
You know I want you Sugar and honey.
A little bit-a sugar, a whole lotta honey
It's alright Sugar and honey mornin' noon and night
Give me sugar and honey anytime.

Sugar and honey, is what I live for
Sugar and honey, for the flavor
Every little bitty thing you do
Just makes me love you, Sugar and honey.

A little bit-a sugar, a whole lotta honey
It's alright Sugar and honey, mornin' noon and night
Yeah sugar and honey anytime, ah sugar and honey all the time
I need sugar and honey anytime.
