

# Roy Orbison, Sugar Love

Sugar love  
Sugar love, you're my rainbow  
When it's cloudy and i feel bad  
You're the only sunshine i ever had  
Sugar love, sugar love

Hurry up my sugar love  
Cheer me up my sugar love  
Love it up my lovey-dove  
Oh sugar love

Sugar love  
Yes, you are the moon and stars  
When it's raining and i feel blue  
Who do i always turn to?  
It's you, sugar love, sugar love

Hurry up my sugar love  
Cheer me up my sugar love  
Love it up my lovey-dove  
Oh, sugar love

Sugar love  
Yes, you are the moon and stars  
When it's raining and i feel blue  
Who do i always turn to?  
It's you, sugar love, sugar love

Every night, fascination  
You're not just temptation  
You're my inspiration  
Sugar love, sugar love  
Sugar sugar love
