

# Roy Orbison, When The Blue Hour Comes

The good times are all gone  
The night keeps coming on so strong  
You can't hold on, no matter what you do  
Will there be someone who cares for you  
When the blue hour comes?  
When the blue hour comes?

And when your restless heart  
Tears your world apart  
And everywhere you turn  
It's falling down on you  
Will there be a light that shines for you?

When the blue hour comes for you  
If there's anything that you would have me do  
Just call on me and i'll be coming through  
I will always be there for you  
When the blue hour comes  
When the blue hour comes

Good times don't last forever

Sometimes it's now or never  
Darling, reach out for me  
You know where i'll be  
I will always be there for you  
When the blue hour comes  
When the blue hour comes

When the blue hour comes for you  
If there's anything that you would have me do  
Just call on me and i'll be coming through  
I will always be there for you  
When the blue hour comes  
When the blue hour comes

I will always be there  
When the blue hour comes  
When the blue hour comes  
When the blue hour comes....(repeat to fade)
