

# Roy Orbison, You Better Stop

Well I want you to understand me  
I don't want you to be confused  
I see through that line you're tryin' to hand me  
And I don't like being used

So I think you better stop  
And see what you're tryin' to do  
Yes I think you better stop  
Before it comes back on you

Well you're gifted in your conversation  
And you've got a ?? that's mighty strong  
And I had you in consideration  
But you didn't fool me for long

So I think you better stop  
And see what you're tryin' to do  
Yes I think you better stop  
Before it comes back on you

Well who am I to tell you what to do?  
I love you just enough to tell you true - you better stop  
But if you're content with a one night stand

Then go on, play the field  
But just make sure that that's the way you really feel  
You better stop - stop - stop  
Yes I think you better stop

You don't really have to change your lifestyle  
Just stretch it and let it go  
And maybe baby, in the meanwhile  
We will fall in love, and you will know

That you had better stop  
And see what you're tryin' to do  
Yeah I think you better stop  
Before it comes back on you

You had better stop  
Before it comes back on you  
You better stop - stop - stop  
Yes I think you better stop  
you better stop  
you better stop  
you better stop
