Royal Blood, Tell Me When It's Too Late

Cracks in my illusions
I can't forsake
Shatter-free, bittersweet
Bliss in the haze
Debris of bad ideas
Lie in the shade
So throw me out the door, lay me to waste
And only tell me when it's too late

Only tell me when
Only tell me when
Only tell me when
When it's too late

Excuses, pulling strings
Swept you away
So come closer, crawl over
Shards of your faith
Do your time
Climb the mind's endless staircase
Just to throw me out the door, lay me to waste
And only tell me when it's too late

Cracks in my illusions
I can't forsake
Shatter-free, bittersweet
Bliss in the haze
Debris of bad ideas
Lie in the shade
So throw me out the door, lay me to waste
And only tell me when, when it's too late
Tell me when
Only tell me when

Only tell me when
Tell me when
When it's too late
Only tell me when
Only tell me when
Only tell me, only tell me
