

# różni wykonawcy, Toast To Freedom

How delicious is the winning of her kiss  
Bind her love to eternal bliss  
She's the greatest power in the universe ? freedom!

Her touch will feed your real hope  
In the darkest of days and on the steepest slope  
Let your good heart and kindness fill her temple ? freedom!

Nobody's free until everybody's free  
We walk a long winding road, sail the raging seas  
No prison cell, no censorship hell  
Can claim our obedience and love

Here's our toast to freedom  
To human rights and dignity  
Love, respect and forgiveness  
United in the dream for victory  
Here's to the battlefields for justice  
Of the tortured, banished and enslaved  
To the selfless spirit and commitment  
To our brothers and sisters in the grave.

She hurts when sovereigns and parliaments meet  
To shackle more chains about Liberty's feet  
When the rulers cast the votes they can not spell - freedom!

Her open eyes desire nothing but the truth  
The soul of mankind, untainted youth  
Yes - for this I will stand up and fight - freedom!

Nobody's free until everybody's free  
We walk a hard road, sail the raging seas  
No prison cell, no censorship hell  
Can claim our obedience and love.

Here's our toast to freedom  
To human rights and dignity  
Love, respect and forgiveness  
United in the dream for victory  
Here's to the battlefields for justice  
Of the banished, tortured and enslaved  
To the selfless spirit and commitment  
To our brothers and sisters in the grave

Nobody's free until everybody's free  
Together we walk a hard road, sail the raging seas  
No prison cell, no censorship hell  
Can claim our obedience and love.

Here's our toast to freedom  
To human rights and dignity  
Love, respect and forgiveness  
United in the dream for victory
