

Rozza feat. Tiff Lacey, No more rain

I leave today
I gonna walk away
Can't face the rain any more
No more rainy days
I can't really say
If I'll come back one day
This place holds memories
But now it's just an empty space
No turning back
I'm walking away
No turning back
I'm walking away
I leave today
I gonna walk away
Can't face the rain anymore
No more rainy days
Can't really say
If I'll come back one day
This place holds memories
But now it's just an empty space
No turning back
I'm walking away
No turning back
I'm walking away
Time to say "no more rain"
No more rain again
I came to say "goodbye rain"
No more rain again
Time to say "no more rain"
No more rain again
I came to say "goodbye rain"
Hello sunshine my friend
Time to say "no more rain"
No more rain again
Time to say "no more rain"
Hello sunshine my friend
Time to say "no more rain"
No more rain again
