

Rubberman, Down Child

Boo-hoo love can't you see me crying
This blind faith there's no denying
This love only wants the best for you
Buy your heart as Daddy did for me babe
Hoping true love is never too late
So spoilt gotta get a shrink on you

Calm down child
Silver spoon is glistening
I cry, only heaven's listening
Give, give
Only want the best for you
Calm down child
Following, I'm running
You're load's got me heavy gunning
Takt take
Only want the best for you
Down child

Plastic vows mannequin within it
Mommy will be with you in a minute
Dollar bills, only want the best for you
Hold up kid, can't you see I'm giving?
Daddy works hard
Momma's out living
Dollar bills gonna make a king of you
