

# Rubberman, Happy

What's to come  
Of you  
Who is going  
To join you  
Who is going to be by my side  
Who has the power  
Who has the pride

Don't be afraid  
Of the monsters  
That sleep under your bed  
Don't be afraid  
Of the clown  
That sleeps inside your head

Be happy

What's to come  
Of me  
Who is going  
To join me  
Who is to know what's to come next  
Who gives a hell man  
Life's too complex
