

Rubyhorse, Into The Lavender

If I was a star
Would you believe?
If I fell apart
Undone at the seams
Would you take me over?
Would you take on me?
(Take me away)
Into the lavender
She brings me down
When she's around
Under the setting sun
We burned away
We jumped the gun
If I dug a hole
Would you fill it in?
If I sold my soul
To the highest bid
Would you take me over?
Would you take on me?
(Take me away)
Into the lavender
She brings me down
When she's around
Under the setting sun
We burned away
We jumped the gun
Into the Lavender
She brings me down
