

Rudimental, Good Thing (feat. John Newman)

Good thing where have you gone?
Good thing you've been gone too long
Good thing where have you gone?
Good thing you've been gone too long

The one good thing in my life
Has gone away and I don't know why
She's gone away and I don't know where
Somewhere her pain follow her
The one good thing didn't stay too long
Now this time that she was gone

Good thing where have you gone?
Good thing you've been gone too long

People say I'll soon forget
You've been up to nothing, don't get upset
People say she's doing fine
Good your friends, I'll see sometimes
It's not that I don't, I want to end
I want her here, she wants me near

And I say good thing where have you gone?
Good thing you've been gone too long
Good thing where have you gone?
Good thing you've been gone too long

Where have you gone?
Gimme one more night

Good thing where have you gone?
Good thing you've been gone too long
Good thing where have you gone?
Good thing you've been gone too long
