

Rudimental, Rumour Mill (feat. Anne-Marie & Will

It's on a rumour mill, the word is on the street, I
I don't know how to feel about what you say to me, I
Cause the body builds, they won't give me no release, I
Had somebody, cheap thrill, no chance of a remedy, no

The bad things be spreading round
No, no, let it go, just turn it down
Don't be a fool, don't be a clown
Can't tell me, won't tell me nothin' anyhow
Bad things be spreading round
No, no, let it go, just turn it down
Either way I'm coming round
Can't tell me, won't turn me down

I, I don't even care about what they say
I don't even care about what they say
I don't even care about what they say, say, say, say,

It's on a rumour mill, word is on the street, I
I love you so, the feeling's bitter sweet, I
How do you like me now? I'm at the crossroad you can't reach, I
Don't test me now, cause it's a test that you can't teach

Bad things be spreading round
No, no, let it go, just turn it down
Won't be a fool, won't be a clown
Can't tell me, won't tell me nothin' anyhow
Bad things be spreading round
No, no, let it go, just turn it down
Either way I'm coming round
Can't tell me, won't turn me down

I don't even care about what they say
I don't even care about what they say
I don't even care about what they say, say, say, say,
/2x

Nothin' anyhow, nothin' anyhow, nothin' anyhow, how /4x

It's on a rumour mill
Nothin' anyhow, nothin' anyhow, nothin' anyhow, how
/4x

Nothin' anyhow, nothin' anyhow, nothin' anyhow, how /2x

I don't even care about what they say /2x
I don't even care about what they say, say, say, say,
I don't even care about what they say
I don't give a damn what they say about me
Nothin' anyhow, how, how, how
