

Ruff Endz, Love Crimes

I'm so sorry babe, so sorry, so sorry babe.
Ohh, forgive me, ok, I miss you, call me babe.

How big of a fool could I have been,
To construct a fortress of love,
And tear it all down again, baby.
Good things don't come easy,
And I shoulda realized that fact.
Now I'd risk my whole life,
To regain my kingdom back, oh.

If loving you's a crime,
Then I'm criminal.
I'd thought to do some time,
Unconditional, the love I have for you,
Girl please forgive me,
Because my heart is true.
If loving you's a crime,
Then I'm criminal.
I'd thought to do some time,
Unconditional, the love I have for you,
Girl please forgive me,
Because my heart is true.

Listen babe,
Look down on me now,
But please don't shut me out,
Because a king ruling without his queen,
Is unheard about.
I can't run this race, without you.
Cause I've lost before I've began.
And with you, I know the battle is won.

If loving you's a crime,
Then I'm criminal.
I'd thought to do some time,
Unconditional, the love I have for you,
Girl please forgive me,
Because my heart is true.
If loving you's a crime,
Then I'm criminal.
I'd thought to do some time,
Unconditional, the love I have for you,
Girl please forgive me,
Because my heart is true.

I can't, I'm so sorry,
Cause then it just won't do.
How can I show that I love you,
And not make it up to you.
To even think that I'm a liar,
And my heart is untrue.
(How can I show you that my heart is true.)
How can I show, that I really really really love you baby!

If loving you's a crime,
Then I'm criminal.
I'd thought to do some time,
Unconditional, the love I have for you,
Girl please forgive me,
Because my heart is true.
If loving you's a crime,
Then I'm criminal.
I'd thought to do some time,

Unconditional, the love I have for you,
Girl please forgive me,
Because my heart is true.

I know I was wrong, forgive me.
Please take me babe, please take baby.
I can't go on, can't go on babe,
Because my heart is true.
Please take me babe, please take baby,
I can't go on, I can't go on babe,
Because my heart is true.

If loving you's a crime,
Then I'm criminal.
I'd thought to do some time,
Unconditional, the love I have for you,
Girl please forgive me,
Because my heart is true.
If loving you's a crime,
Then I'm criminal.
I'd thought to do some time,
Unconditional, the love I have for you,
Girl please forgive me,
Because my heart is true.

If loving you's a crime,
Then I'm criminal.
I'd thought to do some time,
Unconditional, the love I have for you,
Girl please forgive me,
Because my heart is true.
If loving you's a crime,
Then I'm criminal.
I'd thought to do some time,
Unconditional, the love I have for you,
Girl please forgive me,
Because my heart is true.
