I'm not at all a baller but I do know all the rules

I refuse to let you be the reason that I lose

and I ain't never been afraid of another MC that's just as dope as me you must be outta your mind if you think you come close to me

I could rhyme, I could write, I could rap, I could sing nigga I can do it all

I can't believe how the industry keeps signing niggaz that ain't got no type of flow
