

Rufus, Jive Talkin'

Jive talkin'
Oh, you're no good
Jive talkin'
So misunderstood

Jive talkin'
You'll never know how
Jive talkin'
You'll never know now

Ooh baby, you just don't know
What you've done to me
You've tried, you'll never know
Tryin' to take away my energy

With all your jive talkin'
You're tellin' a lie
Jive talkin'
You wear a disguise

Jive talkin'
You know you're no good
You're just a jive talkin'
So misunderstood

Oh baby, you'll never know just
What you've done to me
Only tryin', you're only tryin' to
Tryin' to take away my energy

With all your jive talkin'
Jive talkin'
Just a dirty, dirty liar
Jive talkin'
You know I love you
Jive talkin'
You'll never be true
Jive talkin'

(repeat to fade)
