

# Rufus Wainwright, Instant Pleasure

I don't want somebody to love me  
just give me sex whenever I want it  
'cause all I ask for is instant pleasure  
instant pleasure, instant pleasure

You in traffic for all eternity  
how could that speed be where you wanna be  
said don't you really want instant pleasure  
instant pleasure, instant pleasure

Think that all these folks get laid  
do it 'cause the pain is great  
what you thinkin anyway?  
If drinkin coffee is your idea of really cool  
you can't expect no crazy  
chick to notice you just sittin there  
dreaming instant pleasure  
instant pleasure, instant pleasure  
instant pleasure, instant pleasure

If you want someone a friend to be  
guess you'll have to win the  
lottery but till then repeat after me  
I don't want somebody to love me  
just give me sex whenever I want it  
'cause all I ask for is instant pleasure  
instant pleasure, instant pleasure  
instant pleasure, instant pleasure  
(fading) instant pleasure, instant pleasure  
i dont want somebody to love me  
i dont want somebody to love me  
i dont want somebody to love me  
(fading to end)
