

# Run-D.M.C., Them Girls

Ah, Ya, yeah, ya

(Run-DMC)

Seen this girl on the block by the boon-ah  
On the spot she was down for the boom-mark  
Drop doc she was rockin a Tupac  
Said: yo D now me, what's you got  
He says: ba boo bang, ba boo bang  
Ba boo bang

(Fred Durst)

Seen a girl so crystal clean, I mean  
Since I've been on the scene I've dreamed  
Of girls to tops poofs on rooftops  
Now this girl, who cruises the two pack  
Get this girl in my bathtub, and rub my back rub  
My bathroom's like a nightclub  
A few ladies in my tin to find the limb  
A few ladies in the bin, to put some yellow in  
Any mighty fine fellow men like myself  
To organize the panties on the shelves

Chorus.

Them girls, them girls  
Them girls I do adore

I like em' sweet and fine  
I get a wine to bind  
All kinds I love them all

Them girls, them girls  
Them girls around the way

I like a limit to a lime  
The women so fine sometimes they make me say:

Had a fly girl go called her honey  
Make this spent up all my money  
Fred went to bed with a girl from college, what  
He told me she was looking for dollars  
E to MC that don't get played  
Girls gonna chase him, but they don't get paid  
They might get naked, but they don't get laid  
The school needs girls who made first grade

I like the small girls, I like the tall girls  
I like all the girls looking merry, call girls  
So Run, let's bring the girls in  
And their girlfriends, but no one let the squirrels in  
As for the boyfriends step on joy  
When the girlfriends come home and bring Limp Bizkit toys in  
I like erection when I'm in the states  
But no silicone cause' I don't like the fake shit

Chorus.

Them girls, them girls  
Them girls I do adore

I like em' sweet and fine  
I get a wine to bind  
All kinds I love them all

Them girls, them girls  
Them girls around the way

I like a limit to a lime  
The women so fine sometimes they make me say:

Them girls, them girls  
Them girls, them girls  
Them girls, them girls  
Them girls, them girls  
Them girls, them girls  
Them girls, them girls  
Them girls, them girls  
Them girls, them girls

Yo, yo girls in line now  
Girls galore, girls I've never even seen before  
The way they sway, that makes me smile  
And Run gett a dime on the top of the pile

Girls are freaking things are good  
Girls can fill up my neighborhood  
But don't take my sunshine I'll be OK  
Some seam girlies I hear are snakes

Chorus. (X2)  
Them girls, them girls  
Them girls I do adore

I like em' sweet and fine  
I get a wine to bind  
All kinds I love them all

Them girls, them girls  
Them girls around the way

I like a limit to a lime  
The women so fine sometimes they make me say

Them girls, them girls  
Them girls, them girls  
Them girls, them girls  
Them girls, them girls  
Them girls, them girls  
Them girls, them girls  
Them girls, them girls  
Them girls, them girls
