Run Level Zero, Hey Mister

I caught a glimpse of your skin In the swimming pool you swam in I caught a glimpse of your skin

Hey mister, do you have a cigarette

You got to run / you got to hide When I smile / you know you got to run

Strung out / head inside out I feel the world giving in / I felt a world within I felt beside between outside, inside I was inside a sin

I touch forbidden skin / I touch your forbidden skin I feel a void within / when I touch your skin
