

# Running Wild, Raging Fire

Can you see the licking flame  
Waiting for its time  
Its increasing energy  
Preparing for the prime

Fed up with your boring prate  
All senses gettin lost  
Second to none our flame shall rouse  
Just like a growing host

Raging Fire, burning down the walls  
Raging Fire, the rebellion force  
Raging Fire, all across the lands  
Raging Fire, fights in self defense

The anger grows on and on  
The young stand up and fight  
No more lies and censorship  
All oppressed stand tight

Knights of fortune and dictators  
They can't stand this heat  
We know what we want from life  
Beware we brake your greed

Raging Fire, burning down the walls  
Raging Fire, the rebellion force  
Raging Fire, all across the lands  
Raging Fire, fights in self defense

Wake up break the silence  
Come on join our league  
We must stand defiant  
To dethrone this breed
