## Rush, Cut To The Chase

It is the fire that lights itself But it burns with a restless flame The arrow on a moving target The archer must be sure of his aim

It is the engine that drives itself But it chooses the uphill climb A bearing on magnetic north Growing farther away all the time

Can't stop moving Can't stop moving Can't stop...

You may be right It's all a waste of time I guess that's just a chance I'm prepared to take A danger I'm prepared to face Cut to the chase

It is the rocket that ignites itself And launches its way to the stars A driver on a busy freeway Racing the oblivious cars

It's the motor of the western world Spinning off to every extreme Pure as a lover's desire Evil as a murderer's dream

Young enough not to care too much About the way things used to be I'm young enough to remember the future The past has no claim on me

I'm old enough not to care too much About what you think of me But I'm young enough to remember the future And the way things ought to be

Cut Cut...

Cut to the chase You may be right It's all a waste of time I guess that's just a chance I'm prepared to take A danger I'm prepared to face Cut to the chase What kind of difference can one person make? Cut to the chase
