Rush, Headlong Flight

All the journeys of this great adventure It didn't always feel that way I wouldn't trade them because I made them The best I could, and that's enough to say

Some days were dark I wish that I could live it all again Some nights were bright I wish that I could live it all again

All the highlights of that headlong flight Holding on with all my might To what I felt back then I wish that I could live it all again

I stoke the fire on the big steel wheels Steer the airship right across the stars I learned to fight, I learned to love, I learned to feel Oh I wish that I could live it all again

All the treasures, the gold & glory It didn't always feel that way I don't regret it - I'll never forget it I wouldn't trade tomorrow for today

Some days were dark I wish that I could live it all again Some nights were bright I wish that I could live it all again

I stoke the fire on the big steel wheels Steer the airship right across the stars I learned to fight, I learned to love, I learned to feel How I wish that I could live it all again

The days were dark
And the nights were bright
I would never trade tomorrow for today

All the highlights of that headlong flight Holding on with all my might Some days were dark I wish that I could live it all again Some nights were bright I wish that I could live it all again

I stoke the fire on the big steel wheels Steer the airship right across the stars I learned to fight, I learned to love, I learned to feel I wish that I could live it all again

I stoke the fire on the big steel wheels Steer the airship right across the stars I learned to fight, I learned to love, I learned to steal I wish that I could...

Oh I wish that I could live it all again
