

# Rusted Root, Blue Diamonds

We go out on the world tonight  
With our blue diamonds  
That were once our fears pressin' down on the town.  
We go out my love  
Holdin' all our bets.  
Oh my lady resurrect this breath  
On this hour of the night.  
We'll make it love, we'll make it love.

Chorus:  
'Cause I found you now.  
And forever I won't waste this breath.  
The time be by our side.  
It's now or never,  
I won't waste this breath.

Now don't you wait, I feel it in my head  
Oh my lady, you're the woman I search  
To roam my heart, roam my heart this way  
Heeeey

Chorus:  
'Cause I found you now.  
And forever I won't waste this breath.  
The time be by our side.  
It's now or never,  
I won't waste this breath.

I remember a time  
A little less tame.  
You roam my heart  
Ooon this way, this way.

We go out on the world tonight  
With our blue diamonds  
That were once our fears pressin' down on the town.  
We go out my love  
Holdin' all our bets.  
Oh my lady resurrect this breath  
On this hour of the night.  
We'll make it love, we'll make it love.

Chorus:  
'Cause I found you now.  
And forever I won't waste this breath.  
The time be by our side.  
It's now or never,  
I won't waste this breath.
