

Ruth Ann, I'd Die For You

If you behave how you walk
If you would be the way to talk
I could try to change my mind
Even if it's hard
But I need a little time, then I

I'd die for you
For all my life, at any time
Just stop to break taboos
For all you say, I need the proof of honesty
And then I'll die, I'll die for you

I just behave the way I walk
And I'm the way I always talk
If you'd be this way to me
Even if it's hard
I could try to change my mind and then I

I'd die for you
For all my life, at any time
Just stop to break taboos
For all you say, I need the proof of honesty
And then I'll die, I'll die for you

If you'd be this way to me
Even if it's hard
I could try to change my mind and then I

I'd die for you
For all my life, at any time
Just stop to break taboos
For all you say, I need the proof of honesty
And then I'll die, I'll die for you
