

# Ruth Ann, More Than Ordinary

I saw the storm to come, before I felt the rain  
But we've been through it all and the end's always the same  
Lightning and thunder could never break you and I apart  
There's no mountain high enough to stop us once we start

This love we have (it's more than ordinary)  
Can't break it, can't shake it, it's more than ordinary  
This love we share (it's more than ordinary)  
Can't move it, I know that, it's more than ordinary

Once I found you I never bothered looking around  
The only search I have, is a way to keep this treasure I've found  
It's nothing I could ever compare, it's more than a dream come true  
I can't compare the others to what I share with you

This love we have (it's more than ordinary)  
Can't break it, can't shake it, it's more than ordinary  
This love we share (it's more than ordinary)  
Can't move it, I know that, it's more than ordinary

This love we have (it's more than ordinary)  
Can't break it, can't shake it, it's more than ordinary  
This love we share (it's more than ordinary)  
Can't move it, I know that, it's more than ordinary

This love we have (it's more than ordinary)  
Can't break it, can't shake it, it's more than ordinary  
This love we share (it's more than ordinary)  
Can't move it, I know that, I know, it's more than ordinary
