

Ruth Ann, What About Us

Heart will starve, labyrinth of love
Say what about us
Seeds of love, touchdown in my heart
And what about us

Shadows from above, in the tunnel of love
But what about us
Signs of love, like a touchdown in my heart
Just say what about us

Darkness is forming around a wall of silence
Come out of the shade and just say,
Oh what about us

Shadows from above, in the tunnel of love
But what about us
Signs of love like a touchdown in my heart
Just say what about us

Darkness is forming around a wall of silence
Come out of the shade and just say,
Oh what about us

What about us
