

# Ruth, Well With Soul

All is well  
With my soul, with my soul.  
And all is well  
With my soul, with my soul.

And I want to love everyone,  
I want to show them what you're made of.  
And you give me...

I want to love everyone,  
I want to show them what you're made of.  
And you give me peace.

All is well  
With my soul, with my soul.  
And all is well  
With my soul, with my soul.

And I want to love everyone,  
I want to show them what you're made of.  
You give me...

I want to love everyone,  
I want to show them what you're made of.  
And you, you give me...

I want to love everyone,  
And I want to show them what you're made of: love.  
Here in my heart, here in my heart,  
You give me peace.

And I want to love everyone,  
I want to show them what you're made of.  
And you...

I want to love everyone,  
And I want to show them what you're made of: love.  
Here in my heart, here in my heart,  
You give me peace.
