

Ruthie Henshall, If You Believe

Some things are unknowable
Too deep to comprehend
Some lives flower through the years
Others quickly end

Some things are unseeable
Don't care how long you stare
Some things are unreachable
But it doesn't mean they are not there

If you believe, if you believe
Beyond the stars a voice speaks soft and clear
If you believe, if you believe
Theres not a thing in life for you to fear

Everything's explainable
The moment that you start
You can solve life's mysteries
When faith's in your heart

Everything is possible
The path is clear and bright
When your faith's unshakeable
All your darkest days are bathed in light

If you believe, if you believe
Beyond the stars a voice speaks soft and clear
If you believe, if you believe
Theres not a thing in life for you to fear

If you believe, if you believe, there's not a thing to fear
If you believe, there's not a thing to fear
