

Rutles, Number One

Number one, number one
You're my number one
You're my second to none
Number one, number one
Wooo!
One and one make two
and I look after you

Number one, number one
You're my number one
Wooo!

When I fell for you
I didn't need a shove
Now that we are two
It all adds up to love

Number one, number one
You're my number one
You're my second to none
Number one, number one
Wooo!

One and one make two
and I look after you

Number one, number one
You're my number one
Wooo!

A teacher couldn't teach me
I had no time for school
No one there could reach me
But baby I'm no fool, no fool

Number one, number one
You're my number one
You're my second to none
Number one, number one
Wooo!

One and one make two
and I look after you

Number one, number one
You're my number one
Wooo!

Ah, ah, ah, ah
Number one!
