

RxBandits, Nugget

i woke up this morning looked out my window
guess just what i saw
a little black mushroom cloud forming
but it's ok, i guess we're never gonna get along
are we ever, are we ever, are we ever

- chorus -

and you know there's no time left for us
no time for love no time for lust
no fussing, no fighting, no crying tonight
and you know there's no time left for us
no time for love, no time for lust
no fussing, no fighting, no crying tonight

- -

one, two give it to me
watching the bombs as they impact on your street
i said it's over and out again
it's three years until i'm twenty- four
and i don't wanna die in a nuclear war
i said we build the weapons while our children starve
when are we gonna recognize

- chorus -

you know there's no time left for us
ashes to ashes, dust to dust
no fussing, no fighting, no crying tonight
