

# Ryan Adams, Hey Parker, It's Christmas

Ring-a-ding-ding, sleigh bells ring  
Ice breaks on the concrete in the city street  
Ring-a-ding-ding, sleigh bells ring  
Taxicab movies in our heads and cigarettes  
Oh, my word  
Parker, will you take my hand?  
Parker, will you take my hand?  
It's Christmas time

Bridges close down on the L - I - E  
Tiny lights fading out in Jersey City  
Snow white room on the snow white clouds  
Taxicabs disappear like keys in lost & found bins  
Oh, my word  
Parker, will you take my hand?  
Parker, will you take my hand?  
It's Christmas time

I wish you were here with me now  
It's Christmas time  
I wish you were here with me now  
It's Christmas time

But it's summertime, summertime, summertime  
But it's summertime, summertime, summertime
