

# Ryan Adams, I See Monsters

Baby, I know you cannot hear me now  
'Cause you're fast asleep  
But I love you now  
Colors inside your head go spinning around  
Like a ferris wheel  
Exploding and falling to the ground  
Oh, people are screaming, people are screaming  
My baby, she's dreaming  
Oh, people are shouting, people are freaking  
I'm just staring at the ceiling  
Waiting for the feeling  
Oh, oh but when she calls,  
I know she's the one  
Makes me want her harder  
Makes me want to be a little stronger  
Still I see monsters  
Still I see monsters

Baby, I know you cannot hear me now  
'Cause you're flying around  
At the speed of sound  
Colors inside your head go spinning around  
Like a ferris wheel  
Exploding and falling to the ground  
Oh, people are screaming, people are screaming  
My babies, she's dreaming

Oh, people are shouting, people are freaking  
I'm just staring at the ceiling  
Waiting for the feeling  
Oh, oh when she calls  
I know that she's the one  
Makes me want it harder  
Makes me want to be a little stronger  
Still I see the monsters  
Still I see the monsters
