

Ryan Malcolm, Something More

I don't think that I can tell you what this means to me,
Here I am, its so hard to believe
That I'm standing here, that I've come this far
But you always said have faith in who you are.

I want to take this time to thank you for the love you gave
And from this moment you've got to know

I never wanted something more
And I never felt so sure
Cause now I've got this chance to be
Everything you saw in me
And even more
Then I ever dreamed before,
As long as you are here with me
I know that I can be
Something more.

Looking back now its so clear to me
That you were sent to shape my destiny,
Cause there were times that i was ready to walk away
But you gave me the strength to face another day.

And I want to take this time to thank you for the love you gave
And from this moment you've got to know

I never wanted something more
And I never felt so sure
Cause now i've got this chance to be
Everything you saw in me
And even more
Then I ever dreamed before,
As long as you are here with me
I know that I can be
Something more.

I'm reaching for the sky,
Won't let this chance go by,
I've waited all my life
For something more.
Now's the time you're gonna see,
From this moment you're gonna know

That I never wanted something more
And I never felt so sure
Cause now I've got this chance to be
Everything you saw in me
And even more
Then I ever dreamed before,
As long as you're here with me
I know that I can be
Something more.

You made me want to be
Something more,
You made me want to be
Something more.
