

# Ryan Shupe & The RubberBand, Never Give Up

Some people think me ugly, some people think me cute  
Some people think me stupid, others astute  
But people gonna do what they're gonna do  
You got to listen to your heart and to your self be true  
'Cause sometimes life just slaps you in the face and knocks your brains all over the place  
And leaves you standing there wondering why, sometimes you laugh, sometimes you cry  
And all the things you thought were right are wrong  
And all the friends you thought were true they are now gone  
I say never give up  
Never give in  
Never fall down if you don't plan to get right back up again  
I said now never give up  
Never give in  
Never fall down if you don't plan to get right back up again  
I want to shine bright like a light on the top of the hill  
I never want to feel like I'm the one who's underdressed, the one who's oppressed  
I only want to make it like the best of the best  
I want to rise to the top, don't ever want to stop  
Don't hold me underwater 'til my brain cells pop  
I say never give up  
Never give in  
Never fall down if you don't plan to get right back up again  
I said now never give up  
Never give in  
Never fall down if you don't plan to get right back up again  
Every time I fall I feel that I must fly  
Above the world you know I'll try it everyday  
I won't be underestimated no way  
Every time I fall I feel that I must rise above adversity surprise  
That's right It's me and I'm hear to fight just like Bruce Lee  
I say never give up  
Never give in  
Never fall down if you don't plan to get right back up again  
I said now never give up  
Never give in  
Never fall down if you don't plan to get right back up again  
Never give up  
Never give in  
Never fall down if you don't plan to get right back up again  
I said now never give up  
Never give in  
Never fall down if you don't plan to get right back up again
