

# Ryan Tedder, Dance

Talking to your baby  
Acting like I'm crazy  
Only crazy for you  
And there's no denying  
Almost tired of trying  
There's only one thing left to do  
Dance  
All you people if you  
Dance  
Get up on the floor and  
Dance  
And don't ever stop  
But play it all night long  
Dance  
All my brothers sisters  
Dance  
Get up on the floor and  
Dance  
And don't ever stop  
But play it all night long  
Baby baby what you want from me  
I tried to show you but you could not see  
Only left me one choice  
I know you don't even know my name  
No time to talk cuz it's all the same  
There's only one thing left to do  
It's time for us to  
Dance  
All you people if you  
Dance  
Get up on the floor and  
Dance  
And don't ever stop  
But play it all night long  
Dance  
All my brothers sisters  
Dance  
Get up on the floor and  
Dance  
And don't ever stop  
But play it all night long  
I just want to dance with you tonite  
I just want to dance with you tonite  
Dance  
All you people if you  
Dance  
Get up on the floor and  
Dance  
And don't ever stop  
But play it all night long  
Dance  
All my brothers sisters  
Dance  
Get up on the floor and  
Dance  
And don't ever stop  
But play it all night long  
Dance  
All you people if you  
Dance  
Get up on the floor and  
Dance  
And don't ever stop  
But play it all night long

Dance  
All my brothers sisters  
Dance  
Get up on the floor and  
Dance  
And don't ever stop  
But play it all night long
