

# Ryan Tyler, Run Run Run

I didn't want it to go this far  
I didn't want you to get to me this way  
I didn't want you under my skin  
I don't need a broken heart again  
Don't you know your tempting me  
It's something almost irresistible  
I just wanted something casual  
I didn't want you to be wonderful

(chorus)

So I gotta run, run, run  
Get away, get away  
Far away from your touch  
Don't look at me, look at me  
I'm not ready for this now baby  
Don't you know that you're driving me crazy  
So I gotta run, run, run  
Get away, get away  
Far away from your love  
Don't follow me, follow me  
A million miles from you baby  
Is the only thing that's gonna save me  
So I gotta run

Gonna need the fastest horse  
Faster than the speed of love  
Sure runs like he runs  
Cause if you catch me baby I'll be gone

chorus

Can't let you get to me  
Do what you do to me  
Can't let you look at me  
Can't let you so...

chorus
